## Keeping Murray Moving in 2023

Hello everyone and welcome to another new year.

I hope you are all well rested and ready to attack 2023 with renewed optimism and assurance. We are all aware of the impacts devastating flooding has had across Murray in the later part of the year, and my office is ready to help you where we can.

Rebuilding of Murray in 2023 will see me continuing to push for better outcomes and our fair share across health, education, digital connectivity, water as well as housing and labour shortages. Our damaged road infrastructure as part of the wet year will also be a major focus for my team.

A strong, multilayered, and sustainable

agricultural economies underpins our towns and communities and is the cornerstone of all that Murray is - let's make 2023 the year we keep Murray moving.
